SHAKOPEE, MINNESOTA: HOME OF RIVER CITY CENTER

Gateway to the City

The River City Center apartment community is beautifully situated amidst an arched structure that greets visitors to the city of Shakopee from the northwest. Its canopied storefronts represent the lively community of River City Center and the historic downtown district, where small-town spirit thrives. The quaint shops nearby include antiques, fashion, collectibles, quilting, and more. Restaurants in the area include Thai, Mexican, Italian, and American fare; and just a short drive across Shakopee, there are a multitude of additional options – from fast food to fine dining.

Located just across the street from Northridge Court, another 55+ living community, River City Center is a short walk to Huber Park and the Minnesota River's picturesque banks. The quiet solitude of this adult community is conveniently situated on Shakopee's extensive trail system, providing residents the opportunity to interact with the area's natural resources.

Shakopee has its own regional medical center and is home to popular entertainment attractions such as Historic Murphy's Landing, Valleyfair Amusement Park, and Canterbury Park Racetrack.

The City of Shakopee is within 25 miles of Minneapolis and St. Paul, with both cities offering significant arts, cultural, sports, and dining experiences. River City Center is just minutes from the main arteries of Hwys. 169, 101, and 212.
